WHAT'S HAPPENING AT LIU SUMMER RISING....

HOORAAAY!!!! Another successful conclusion to SUMMER RISING. Our camp has come to a close and we thank all the staff for giving us a memorable experience.

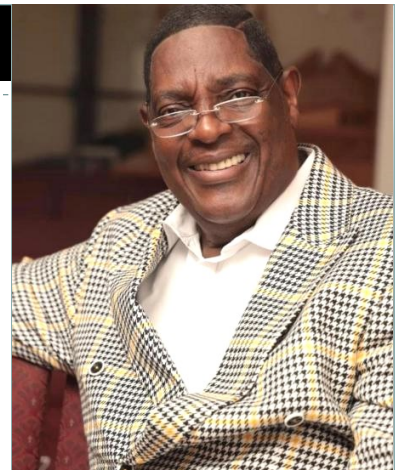

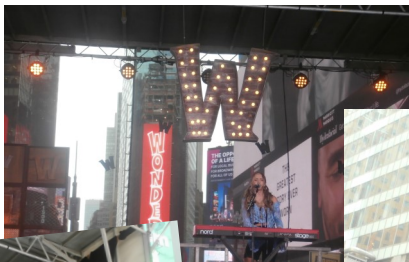

WHERE WE BEEN....

Have you even been on TV? Thanks to Mr. Winston, most of us were able to spend Week 4 on the set of the interactive kids TV show, "Wonderama". The show is taped in Times Square, hosted by David Osmond, of the famous musical Osmond family. We were able to see several live performances, such as Sophia Angelica, Umi, American Idol contestant, Stefan Benz, and YouTube star, Yogi. We look forward to seeing the official episodes on TV this fall.... **STAY TUNED!**

NATIONAL NIGHT OUT!

On August 1st, we spent our afternoon at the 88th Pct. National Night Out (NNO) Event near BAM. It was an outdoor street fair with vendors, food and performances from several local performers. "NNO" is presented by police departments throughout the country. All the precincts of the NYPD hold an event in their local areas annually.

THROUGHOUT THE CITY.....

August 7 at Gracie Mansion

Did You Know....

The Gracie Mansion was built in 1799 by a merchant named Archibald Gracie. Archibald constructed the home as a country house for his family to live in. Unfortunately, Archibald lost his home due to financial failure and moved along with his family. August 7th, LIU took a tour inside the Gracie Mansion and it was a very educational experience. The students got to learn about the background of the house and as well as what was there before the mansion was completed.

BBQ'S IN NYC!!!

WATERPARKS

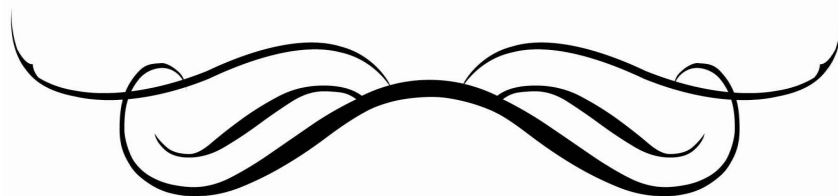

On July 28, 2023 and August 4, 2023 LIU students went to two well known waterparks, Fun Plex and The American Dream. These two waterparks are located in New Jersey.

Our camp had lots of fun especially in the wave pool , half of our camp spent time there. The best part was the food we received from Mr. Beast Restaurant (Thanks for inviting us to eat!). Our camp had much fun at both waterparks and we definitely recommend it for a fun family trip. Each moment was filled with a joyful experience for everyone.
